

# LIVING FAITH MINISTRIES INTERNATIONAL

*“Let our people learn to maintain good works, to meet urgent needs, that they may not be unfruitful.” Titus 3:14*

## PRODUCING FRUIT

While in the States for medical checkups, LFMI's church plant, Bible Fellowship of Puerto Morelos, was busy **being** the church. Groups from the church were in homes throughout the town, ministering to urgent needs in the community.

They provided food, Bibles, diapers, and clothing to poor families. They also provided hammocks for children who were sleeping on the ground.

Your donations are not only providing better lives for families in Mexico, you are also blessing the lives of dozens of Christians from the U.S., Canada, and the U.K. who have the opportunity to do “good works” while living or traveling here.

# GOOD NEWS, BAD NEWS

The Life and Trials of a New Church Plant

**Good News:** Resurrection Sunday saw a **record attendance** of 78 (including 15 children) at our “little church with a big heart.” Several members had to stand through the service because there were not enough chairs. **Bad News:** The facility where we meet has no water and we received news that it is being sold and we must relocate. **Please pray for the Lord to lead us to the right place and provide the necessary funds to allow us to get into a new place in a timely manner.**

## GOOD WORKS & GOOD NEWS

Providing food and clothing is a temporary solution. These families need vocational training to obtain better jobs for sustainable success. Primarily, they need to see the transformation that the Gospel has on lives. A building that serves as both a church and a Christian community center would be ideal in fulfilling the vision the Lord has given us.

### DONOR OF THE MONTH

Our donors are the life-blood of the ministry, especially our donor, Mardell Clanton, who blesses our hearts every month. Mardell’s sacrificial gifts inspire us to love better, work harder, and give deeper for the Kingdom of God.
